

ROADS AND DRAINAGE AGENDA THURSDAY OCTOBER 20, 2022 @ 4:00pm

Members R&D

Richard Sowrey
Alex Scanlon
Thomas Haaland
Tony Peterson
Tanya Rogers

City of CLS

City Administrator
Jason Ellison, Building Inspector

City Council Liaison

Randy Chronister

NOTICE is hereby given of a Regular Meeting of the Roads and Drainage Committee for the City of Clear Lake Shores, County of Galveston, State of Texas, to be held on the above-mentioned date and time at the Club House, Clear Lake Shores, Texas, for the purpose of considering the following items.

1) City Administrator

Discussion on how R&D will work in the interim

2) Engineering Companies

- Midtown Engineering
- Binkley and Barfield
- Cobalt

City Administrator was going to get a Master Agreement with Midtown Engineering/others, for which we need to get status.

3) R&D funding status vs City priorities

Update 5-year budget to take additional projects into account, such as:

- E and W parking lots
- Pedestrian bridge
- CLR upgrade to concrete
- Heavy traffic roads replacement to concrete

4) Discussion on road maintenance for Narcissus

Update on progress for outstanding RFQ's

- Cross-culvert details on Narcissus and Ivy
- Road (FDR) and ditch maintenance

5) Check Valves on Outflow Culverts

Update status for RFQ to install Tideflex (or similar) test case at Ivy and W Shore.

6) Complaints

- There is a complaint at 214 Blue Point where water puddles (the large depression we initially thought got better).
- There is an issue at 626 Pine, where the resident had issues after a new construction got erected. Part of the issue is solved by putting in French drains for both properties, but now the ditch doesn't drain.

7) Clear Lake Road

- Tanya Rogers to update status of RFQ for Clear Lake Road approaches on both sides of the bridge.
- Alex Scanlon to update status of bridge refurbishment study.
- Discussion for how to include sidewalk to Birch and pedestrian bridge.
- Do we engage High Tide now to get elevation for CLR from bridge to Forest?

8) Scheduled repairs update

- Do we need checklists to ensure we capture our work?
- “Angel Baths” on 1026 Ivy & Oak
- Deep hole on 304 Oak
- Others

9) Any other business
