

A MESSAGE FROM OUR MAYOR

SEPTEMBER 2020

CLS Friends,

It seems like yesterday that summer began, and here we are already at Labor Day.

On Monday, America celebrates Labor Day and I would like to invite you to take a minute to remember the meaning of this celebration. Labor Day is dedicated to all the social and economic achievements of American workers that have built strength and prosperity in our nation.

I want to thank all the employees who work for the City of Clear Lake Shores. We saw their commitment and dedication during Hurricane Laura. I could not be prouder of our police department and city staff who worked extra hours to make sure that our community was safe during this weather emergency.

I also want to thank all our business owners and their employees who work daily to enhance our community and make our city a great place to live, work, and play. I know this year has been very tough on not only our residents, but our staff and especially our local businesses. Don't forget that CLS is strong, and together we will make it through all of this.

I know that this year has been challenging for many American workers. However, Labor Day should remind us that our nation's accomplishments are the result of all the challenges that we have overcome together throughout the years.

Please take a moment to relax and enjoy this holiday weekend with your family and friends (while still spatially distancing and using good hygiene). No matter what kind of work you do, Labor Day is for you. Do not forget that your efforts today are going to be celebrated by your achievements tomorrow.

Sincerely,
Mayor Kurt
