

GALVESTON COUNTY GETS READY

Kids' Guide to Disasters

Sometimes it is safe to stay at home during the storm, but you must be prepared. During the storm, stay in a safe room with no windows. Bring your pets and emergency supply kit in the room with you.

Can you find the emergency supplies hidden in this picture?

Owlie Skywarn

Owlie Skywarn™ is the National Weather Service mascot!

Some areas will not be safe during a hurricane. You may be told that it is safer to leave your home and travel to a safe place.

This is called **EVACUATION**

A safe place is away from the wind and flood waters. It can be a hurricane shelter, a hotel, or even the home of a family member or friend.

If you are told to evacuate, you must do this right away. Waiting to leave can be unsafe.

We found a place to go. We practice how to get there every year.

Now it's Pedro's turn. Help Pedro get to safety!

SAFE PLACE

WHAT DO I TAKE TO A SHELTER?

If you are evacuated, your family may have to stay in a shelter until it is safe to go home. What would you like to take with you? Circle your favorites and draw a list.

In a chemical emergency, you may be asked to “shelter in place.”

GO INSIDE

SHUT DOORS AND WINDOWS

STAY INFORMED

Now it's your turn!
Draw the place where you will go if you need to “shelter in place.”
